

- Page 587, second line in Section 12.2.1, should read: “unknown set of parameters are treated as a deterministic vector variable, $\boldsymbol{\theta}$,”
- Page 618, line 17 from top, should read:

assign \boldsymbol{x}_n to cluster $k = \arg \max_i P(i|\boldsymbol{x}_n)$, $i = 1, 2, \dots, K$.
